CAPTURED—Police have seven under arrest in connection with a recent series of burglaries in the area. This picture was taken as officers were preparing to leave Tinley Park to escort the last three taken to jail. The others had already departed. At the extreme left is one of the suspects, Wilfred Hynous, 33. Next to him is a Tinley police officer, Gordon Er-

skine. Bending over to keep his face from showing is another suspect, Sandy DeBlake, 18, and at his side is a Tinley policeman, Harry Patton. The other suspect, Keithal Palmer, 19, is between Officer Allen Bettenhausen, of Tinley, and Officer Arthur Pritchard of the Matteson and Frankfort police departments.

Police Arrest Seven at Tinley; Recover Stolen Guns and Cash

Seven young men, two of them juveniles, picked up by the Tinley Park police Tuesday evening and early Wednesday morning has resulted in solving many of the burglaries committed in the area, including one at Frankfort, within the past few weeks, according to Tinley Police Chief Harold C. Moore.

All of the suspects live in Tinley Park. They are Joe Blount, 17, Wayne Willis, 18, Jimmy Palmer, 16, his brother Keithal Palmer, 19, Sandy DeBlake, 18, Stanley Trylovich, 16, and Wilfred Hynous, 33.

A total of 28 warrants have been issued from Frankfort, Matteson, Harvey and Tinley Park. All seven have been charged with burglary.

Burglary of the Tinley Park Rock Island depot Tuesday brought an end to the series of break-ins and larceny, when Blount and Willis, picked up for questioning, admitted breaking into the depot and committing other burglaries. They implicated the others.

Set Off Fire Alarm

The two youths related how they smashed the window of the ticket agent's office, while George Jackson, station agent, was out for lunch. They turned in a false fire alarm to divert the Tinley police from the area.

According to their signed statements they rifled the cash drawer and removed money and checks from a pouch in the office, police said. Approximately \$300 in currency was taken and has been recovered by Tinley police.

Partial identification by two persons in the vicinity of the depot at the time of the burglary, aided the police in their search for the culprits.

Numerous Burglaries

An amazing recital of burglaries by the gang in the early morning hours Tuesday was related to Tinley police by the suspects. All seven are alleged to have been involved.

Hold New Lenox Youth on Charge Of Burglary

When the Will county grand jury meets next month one of the cases State's Attorney Frank H. Masters, Jr., is expected to present for consideration involves five youths accused of burglary. One of them resides at New Lenox.

The five are:

Michael Barnett, 17, 121 Pine st., New Lenox.

Paul Milavec, 17, 364 N. Hickory st., Joliet.

John Leggero, 19, 552 Illinois st., Joliet.

Raymond Senter, 20, 514 E. Jackson st., Kenneth D. Hrusosky, 17, 113 Louis road, Joliet.

Barnett, Hrusosky, and Milavec, were arrested during a burglary at the A. C. Johnston & Son Lumber Co., in Joliet, Barnett and Milavec involved Leggero and Senter in two other burglaries, McElroy's tavern near Plainfield on July 22, and the Will-DuPage Service Co. office on Manhattan road, Joliet, on Aug. 8, according to Deputy Sheriffs Charles Timm and Lee Ruphard.

Get Cash, Liquor

Timm and Ruphard arrested Senter and Leggero and said that all five of the suspects have admitted various burglaries.

Barnett and Milavec are alleged to have participated in the McElroy burglary with Leggero and Senter. Liquor, cigars and cigars were taken. These two and Hrusosky also are alleged to have told deputies that the Will-DuPage warehouse job netted \$180 in cash. The money has been spent.

Hrusosky also is alleged to have admitted burglarizing the Alexander Lumber Co. office.

Tinley's Fall Festival Will Begin Tomorrow

A full program of entertainment is planned by the committee for the Tinley Park Fall Festival which opens Friday night, Aug. 31 and continues thru the Labor Day weekend.

The festival is sponsored by the recreation commission and will include exhibits, refreshments, games and rides, climaxed by a mammoth fireworks display on Monday night. Admission to the grounds is free.

The festival is being held in Memorial Park. Local merchants industries and the Chamber of Commerce will have displays of community interest in the exhibition tent. Representatives of the latter organization will be on hand to proffer information of Tinley Park.

The committee, composed of Henry Bettenhausen, chairman, Mike Haber, Everett Early, Arthur Wilkins, Joseph McCarthy and Robert Oliver, president of the commission, invites any individuals or groups desiring to join in the parade on Monday, to gather at 176th st. and Oak Park ave. at 1:45 pm. The parade will start at 2 p.m. and will march to the festival grounds.

Community Affair

The annual festival is a community affair in which all organizations, under the recreation commission, work for the benefit of the community.

The proceeds from the festival are used each year to supply community needs, especially in the field of recreation.

When the recreation commission was formed it was for the purpose of supplying social and cultural advantages in the community.

The commission is composed of members of all local organizations, civic, social, athletic and religious.

Some of their past achievements has been the purchase of land for the community park, financial aid for girl and boy scouts, playground equipment, Halloween and Christmas parties. The most recent addition to Memorial park supplied by the commission, is an all purpose court which will be dedicated following the parade Monday.

The committee extends an invitation to all Tinley and area residents to attend the festival.

Bids opened by the Mokena village board at a special meeting last Thursday night on the proposed sanitary sewer system for the community included several that were well within the estimate made by Robert Hamilton, the engineer retained by the village to design and plan the improvement.

Hamilton compiled the figures and reported on same at a special meeting Tuesday night. The board will study them this week and be ready to act at its regular meeting next Tuesday.

Lindblad Construction Co., of Joliet is the low bidder on the sewage treatment plant with a figure of \$147,800. The two lowest bids on the laying of the sewer were submitted by Blaine Saxton, of Mokena, and Seger and Sons, Elmhurst.

Saxton's base figure on the sewer mains is \$145,671.05, Seger and Sons, \$164,880. On the face of these figures, Saxton is low by some \$19,000 but the figures given here are base bids.

Added to these are supplemental bids on extending the service stubs from the mains to a point within five feet of the property lines. This would be the sidewalk line. By stopping with the service stubs at the sidewalk line the village eliminates the necessity of cutting thru or tunneling under the sidewalks. Hamilton points out. He also called attention to the fact that the village cannot do work on private property.

There are 11,000 feet of these service stubs. Saxton's unit price on this work was \$6 a foot as compared to Seger's figure of \$2 a foot.

Adding the service stub cost to the base bids the totals show Saxton's total bid is about \$24,000 higher than that of Seger:

Saxton	\$145,671.05
Stubs	66,000.00
Total	\$211,671.05

Mokena Lions Club To Hold Meetings In St. Mary's Hall

Starting with the September meeting, the Mokena Lions club will hold its regular monthly dinner meetings in the old St. Mary's Hall, on Wolf road. Dinners will be prepared and served by ladies of St. Mary's church.

Aurora Group to Meet Sunday In Church in Marley

The Aurora Association Brotherhood will meet in the Marley Baptist Community church and in the Haley park at Marley, Sunday Sept. 1, at 3:30 pm.

The Rev. E. J. Hurley of Ottawa will be the speaker, according to the Rev. Ray Hamer, pastor of the Marley church. Everyone is invited to attend and bring the family and pot luck for the supper that is being planned for the park in connection with a corn roast.

Embezzlers have been found to have the highest intelligence of any class of criminals.

COMPLETE FESTIVAL PLANS—The Tinley Park Recreation Commission's committee in charge of arrangements for the annual Fall Festival to be held this week-end is shown here going over final plans for the event. Standing, left to right, they are, Mike Haber, Everett Earley, Arthur Wilkins and Joseph McCarthy. Seated is Robert Oliver, Commission president.

Sept. 1 Deadline To Turn in 4-H Record Books

All Will county agricultural 4-H members will turn in their record books Sept. 1, according to Alden Hickman, assistant farm adviser. This will mark the end of the 4-H year and records will be judged by the leaders on Sept. 21 at a district extension meeting. State project honor member and state outstanding member awards will be picked. Hickman says that 4-H'ers with crop projects will have to make estimates to complete their record books—but all books are due Sept. 1.

New Year Begins

After Sept. 1 the new year will start and membership will be open to all boys and girls over 10 and 21. There are 16 agricultural clubs. Those who would like to start a club in your area must have at least

five members and a leader. "Will county should have at least 500 members in Agricultural 4-H," so ask your friends and contact me for further information."

4-H offers projects in dairy, beef, swine, sheep, poultry, for-

Taxpayers Group Reviews Work on School Bells

The Taxpayers' Federation of Illinois today called attention to the careful consideration given school legislation by the members of the last general assembly school bills comprised 11 per cent of the total bills.

Of all bills introduced, 56.7% passed and 51% became law. School bills had greater success, both in passing the senate and house, in that 72% of them passed and 68% became law.

"It would be extremely difficult to prove how great a per cent of successful legislation is the result of compromise," said Maurice W. Scott, executive secretary, "but legislative processes call for compromise and no one person or group can expect to dictate the final form of a bill."

Scott cited House Bill 706 as

a case in point: This bill authorized assessed valuation without referendum, a potential local tax increase for the state as a whole of \$1 million. It also increased referendum rights from \$1.25 to \$1.40 per \$100 for education purposes for such districts.

In its original form, H.B. 706 allowed 12-grade districts to increase their taxing power 13½ million dollars without referendum. The Taxpayers' Federation sponsored amendments to prevent any tax increases without referendum. Attempts were made to amend this bill to call for direct referenda for both elementary and 12-grade district tax increases. A very close vote in the house defeated the 12-grade referendum and the senate defeated the elementary district referendum amendment. Partial success was achieved in that a final conference committee from both houses agreed to amendments whereby 12-grade districts could increase their education tax rates to \$1.25 and building rates to 25c per \$100, subject to referendum if the voters petition for one.

"Taxpayers can be grateful to their organization for the amendments which protect their interests," Scott concluded.

In the ark with Noah there were four women—his wife and the wives of his three sons.

Women first appeared as professional dancers on the French stage in the 17th century.

CARDS OF THANKS

We wish to express our heart felt gratitude to the Tinley Park inhalator squad and police department for their prompt response to our call last Sunday when our son Gregory fell from a tree. Also to Dr. Feldmann and our neighbors for their efficiency and kindness.

Kirby Community Club Will Begin Season Sept. 3

The first meeting of the 1957-58 season of the Kirby Community club will be held on Tuesday, Sept. 3, at the Kirby-McIntosh school. The group has a busy year planned—many projects for the benefit of the school as well as numerous social activities.

There is room for more new members, it was announced and it is the desire of the present membership to increase it thru inclusion of friends and neighbors.

Meetings are held on the first Tuesday of each month at the Kirby school, 173rd st. and Ozark ave. Officers for the year are: Mrs. Lucille Graefen, President; Mrs. Norma Horge, vice president; Mrs. Norma Miller, secretary; Mrs. LaVerne Manche, corresponding secretary and Mrs. Irene Bettenhausen, treasurer. The meetings will start promptly at 8 p.m.

Parliamentary Classes For IFWC Members

Parliamentary procedure classes for members of the Illinois Federation of Women's clubs will be held at the Ridge Park Field House, 96th and Longwood drive on four consecutive Fridays, Sept. 6, 13, 20 and 27, from 10 to 11:45 a.m.

This announcement made by the president of the third district, Mrs. Edward M. Durkee, also invites members of other local women's organizations who would like to attend.

Mrs. Clarence E. Jansen, first vice president of the district is in charge of the classes, which will again be presented by Mrs. W. Glenn Suthers, of Chicago, who is a member of the National Association of Parliamentarians and parliamentarian of the IFWC.

Registration will be made on the opening day, Sept. 6. The fee for the full course is \$2.50 with single lessons costing 75c each.

The board of directors will honor the district president at a luncheon in the Midlothian Country club, Sept. 19. Reservations should be sent to Mrs. Clarence E. Jansen, box 574, Palos Heights, acting first vice president no later than Monday, Sept. 16.

A meeting will follow the luncheon.

On Tuesday, Sept. 24, the annual round table session will be held at the Ridge Park field house.

Mrs. Sandidge

Mrs. Helen Sandidge Starts 40th Year Teaching In Area Schools

By Anne Rodger

When Mrs. Helen Sandidge return to the Tinley Park grade school next week, she will be starting her 40th year of continuous teaching in area schools and her 33rd year at this school. The trim, energetic and vivacious 59-year old teacher recalls with a chuckle her early days, teaching in the Kirby school,

then considered far out in the country. That was the days before Tinley Park had paved streets.

She also taught at the Maue school, returning to Kirby for several years before transferring to the Tinley Park school.

Originally from Chicago, she boarded with a family in the area and went home on week

ends.

She graduated from Calumet High school and attended the University of Chicago, also the University of Illinois.

Throughout the years she has taught in all of the grades from primary to eighth.

Presently she is eighth grade home room teacher and also teaches social studies to seventh and eighth grade pupils.

Second Generation

Many of her pupils who are of the second generation to come under her tutelage, have heard their mother or father speak of Mrs. Sandidge.

Her hobby is reading, but the subject she likes to talk about most is her two cats; Nigger a beautiful black Persian and Taffy.

Knowing Mrs. Sandidge and the respect her pupils all hold for her, she symbolizes what Daniel Webster defined in a speech made in 1852.

"If we work upon marble, it will perish. If we work upon brass, time will efface it. If we rear temples, they will crumble to dust. But if we work upon man's immortal minds, if we imbue them with high principles, with the just fear of God and love of their fellow men, we engrave on those tables something which no time can efface, and which will brighten and brighter to all eternity."

List Bus Runs For Arbor Pupils

Arbor Park school will open Tuesday, Sept. 3, at 9 o'clock. School will remain open all day. First grade students must be 6

years old on or before Dec. 31, 1957 to be eligible to enter. They must bring an official copy of their birth certificate and have a physical examination by their doctor, before being allowed to enter.

Busses will run on opening day. The busses will start picking up the children about 8:15 a.m. and the following are the bus routes for Tinley Park area:

Bus No. 1: South on Cicero to 167th st. Orland Babe Ruths Win Tri-County Title

Defeats Peotone 6-3 In Series Final To Take Championship

Orland Park has won the Tri-County Babe Ruth league championship.

The Orlands took the crown by scoring two victories over Peotone in a three game series.

The 1957 champions lost the first game of the series 4 to 3 but came back to take the second encounter 6 to 3, and in the third and final contest the Orlands won 3 to 1.

The Babe Ruth league is divided into two divisions, the Northern and Southern. Play also is divided into two segments. If the same team wins both segments of play in its division, it is the champion of its division and plays the champion of the other division for the league championship.

Orland Park won the first half the season in the northern division hands down and copped the second half after a play off with New Lenox and Mokena to win the right to meet Peotone.

Archery Club Of Tinley Park Seeks Members

The Tinley Park Archery club is holding a membership drive. Chairman of the drive is Al Cote, of Palos Park. Anyone interested in joining the group may call him at Gibson 8-6142 or the club's publicity chairman, John Bagdonas, at Kellogg 2-4706. The only requirement for membership is to be over 18 years old.

Members are qualifying and practicing on the grounds of the Gene Schatz home, 15440 Harlem ave. on Wednesday evening and on Sunday afternoons from 3 p.m. until dark. The qualification closing date is Nov. 10, for placement in class A, B or C.

The club will participate in the Fall Festival parade on Labor Day with a float, the construction of which is being handled by Orlie Buck and four other members.

In early winter a tournament is being planned with poultry being awarded as prizes.

Tinley Park Girls Beat Woman's Prison Softball Team, 9-6

The Tinley Park softball team journeyed to Dwight last Saturday, Aug. 24, to play the woman's prison team. The Tinley gals scored a 9 to 6 victory.

After the game a tour of the grounds was made. They found the dress-making shop particularly interesting.

New Hampshire and Indiana are the only states which have no mottos.

Champaign Again Wins State Farm Sports Festival

Champaign county defended its championship of the Illinois Farm Sports Festival by beating off last minute challenges by Sangamon and Adams counties.

The year-long festival is sponsored by the Illinois Agricultural Association and county farm bureaus, county home bureaus, agricultural extension service, University of Illinois and high school vocational agriculture and home economics departments. Cooperating are radio stations and newspapers throughout the state.

The final events in the festival were played at Champaign-Urbana Thursday, Aug. 22. They included softball finals, swimming, diving, and 4-H physical fitness tests.

The top 13 counties in the 18th annual Festival in order of finish were: Champaign, Sangamon, Adams, St. Clair, LaSalle, Vermillion, DeKalb, Jo-Davies, McHenry, Tazewell, Will and Kane.

Presentation of trophies and plaques to the top 13 counties will take place at the Illinois Agricultural Association's annual meeting, Nov. 11 to 15 at Chicago's Sherman hotel.

Leading In Contest For Biggest Fish; An Annual Event

Current winners in the 9th annual fish contest sponsored by the Tinley Park Hardware Company, are as follows:

Bill Palya with a 3 lb. 6 oz. lake trout, caught in Lake Superior.

Tom Sanders, 9 lb. 1 oz. northern pike, caught in Clam Lake, Wisc.

Bobby Butzer, a 7 lb. 8 oz. walleye in Pearl Lake, Wisc.

Chris Sherman, large mouth black bass, 5 lbs., Pearl Lake, Wisc.

Karen Sanders, small mouth black bass, 3 lbs. 15 oz., Johnson Lake, Wisc.

Merle Butzer, a blue gill, 11½ oz., in Little Pine Lake, Minn.

Hernlan Maihoff, a bullhead, 2 lbs., 2 oz., Little St. Germaine, Wisc.

Robert Waters, a catfish, 7 lbs. 9 oz.

No entries have as yet been made in the muskie, crappie, perch, and sunfish classifications. Come on you fishermen! List your catch with the store. You may win a prize.

New Clubhouse At Hawthorne to Be Ready Sept. 3

A new million dollar clubhouse at Hawthorne race course is nearing completion and will be open to the public on Hawthorne's opening day, Sept. 3.

The specially designed steel and concrete structure, replaces the old wooden clubhouse and has many innovations for comfort and convenience according to Robert F. Carey, managing director of the track.

There are 302 boxes, almost three times as many in the old building. Ramps, escalator and elevator service and facilities make it easy to reach any of the four floors.

A new feature is the outdoor dining terrace, with metal umbrellas, adjacent to the new tiered dining room.

WINS STATE HONORS—This purebred Nubian doe owned by Mr. and Mrs. B. D. Osborn, Parker rd., Homer township, was acclaimed Junior Champion in the dairy goat division at the Illinois state fair this year after taking first place in the dry yearling class. This animal rejoices in the registered name of "Apple Valley Charity," but when Judy Osborn, the

daughter of the house who is shown here showing the champion, or any of the other Osborns are in a hurry they call her Charity or Cherry. The white on her ears and nose and the top of her head certainly lends distinction, but then that's the Nubian of it.

Henry Wagner of Casablanca, Morocco surprised the Richard Farr family by visiting them last week. He is a brother of Mrs. Farr and has spent 5½ years in Morocco, building U. S. air base.

Mr. and Mrs. Harold Shroats are the parents of a son born Wednesday, Aug. 21 in Silver Cross hospital. The baby weighed eight pounds, four ounces, and has been named Bryon Ray. Mother and son are doing fine and will be home this week.

Mr. and Mrs. Louis Wydeveld and daughter Louise spent their vacation in Minneapolis, Minn. Enroute home, they stopped at the Wisconsin Dells and went thru The Story Book Land, a new feature for children, covering the Little Red School House, nursery rhymes and stories. In all they covered 1250 miles on their trip.

The Franklin Loebe family spent two weeks vacationing at Delavan Lake. Mr. and Mrs. Henry Wolske, Sr., parents of Mrs. Loebe, were with them a few days.

Mr. and Mrs. George Sayers, Miss Clara Briggs of Twin Falls, Idaho, their cousin, and Miss Mary Ginder enjoyed a three weeks vacation. They motored to Whittier, Calif., where they visited Spencer Myrick and family. Miss Ginder went to visit Sequoia National Park and the Catalina Islands. Enroute home they stopped at Cimarron, New Mexico where they visited friends of Miss Ginder who taught school there, and in Kansas, Lake Tahoe, Nevada, Trinidad, Colorado also visiting in Twin Falls Idaho, where Miss Briggs resides.

Joel Kelsey, son of Mr. and Mrs. Clarence Kelsey celebrated his 10th birthday Aug. 24. Ronald Sterling, Teddy Ebeling, John Lang, Mike Yeager, Patrick Hodges and his sister Claudia were guests. They played games in the afternoon and enjoyed a 5 o'clock barbecue supper.

Mrs. Karl Ekberg left Aug. 15 to join a group of 20 on a tour thru New York. They stopped at Jones Beach, saw Guy Lombardo's Boat show, heard Billy Graham's Crusade Saturday, visited Lower Manhattan, China Town, the Statue of Liberty, Empire State building and the United Nations. On Sunday, Mrs. Ekberg attended the morning worship at the Little Church Around the Corner.

German Family Living In Tinley Express Gratitude To America

By ANNE RODGER

Newcomers to Tinley Park from Wiesbaden, Germany, are Mr. and Mrs. Arthur Fraund and their two sons, Helmut, 15, and Manfred, 13. They have bought a home here and the father is employed at the Bettenhausen Hardware store and the mother at Cavett's Drug store.

Their eldest son will enter Bremen Community High school as a freshman next week and his brother will be an eighth grade student in the Tinley Park school.

The brown-eyed youngsters are looking forward to school and hope to anticipate in sports. Schools are different in Germany, explained the father. The brightest pupils are taken from fourth grade and placed in high school. Both boys speak English very well and have also studied Latin and French.

An 18-year old daughter is still in Germany and hopes to come here next year. She is employed by a traveling agency in Wiesbaden and has a contract which will terminate then.

Lived Here Before

Mr. Fraund came to America previously in 1928. He worked for an electrical concern in New Jersey. In 1931 he returned to Germany because of the illness of his parents.

"The war was bad" the father said, but expressed gratitude

to America for taking good care of them in the western section of Germany.

There is as much difference between day and night, he added. They have relatives in the eastern section, controlled by Russia, and the people there cannot afford to buy the bare necessities of life. They are allowed to keep only a small portion of food sent them. While they may move from the eastern to western sectors, they are watched closely and it would be dangerous for any of their relatives in that sector if they stayed longer than the permit allowed.

Mr. Fraund owned a paint and art store for 25 years in Wiesbaden and was also a member of the city's Chamber of Commerce for the same period.

Leaving Germany is not easy, he explained. One must have a sponsor before he can make application for a visa. His first attempt was made in 1948.

The family is happy to be living in America. When the boys were asked what they liked best about it, they replied in unison, "ice cream". This delicacy is scarce in Germany and very expensive.

The father said he and the boys love to swim and that they have missed this pleasure since being here. Every town in Germany, he advised, regardless of size, has its own swimming pool.

Mrs. Harry Pihl is chairman for this project, assisted by Miss Augusta Peterson. Material supplied for these dressings are from sheets, pillow cases and men's white shirts.

Mrs. Karl Ekberg had as her Sunday dinner guests, her aunt and uncle, Mr. and Mrs. Joseph Carlson and son Earl and wife Ethel of Chicago. Also her cousin Reindhold and wife Evelyn Ohlsson from Minneapolis Minn., are spending a few days vacation at her home.

Mr. and Mrs. Gerald Myrick who resided in the apartment at 9973 143rd st., in Orland have moved to their new home in Harvey.

Knocked Unconscious In Fall From Tree

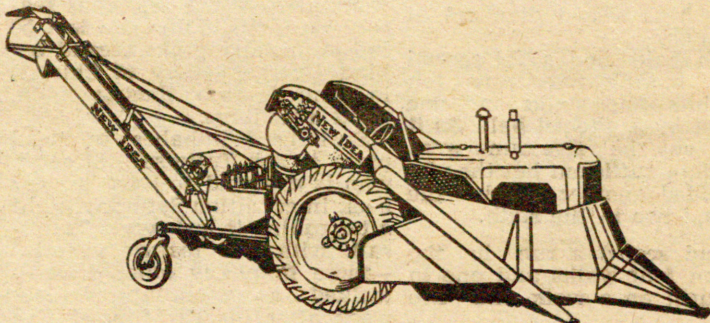

Gregory Kent, 10, son of Mr. and Mrs. Hal Kent, 17712 Garden, Tinley Park, was taken by ambulance to Hazel Crest hospital last Sunday afternoon, when he fell from a tree and was knocked unconscious.

He was released Monday when X-rays showed there were no broken bones.

a NEW IDEA in mounted pickers

- Snapping rolls can be spaced, easily, from tractor seat.
- Gathering unit and elevator ear deflector are controlled from tractor seat.

At last! A 2-row mounted picker with truly ample husking capacity. Weight of biggest husking bed on any mounted picker shared by trailing unit wheels. Ten 40 inch husking rolls and 10 individually operated presser wheels get all the husks. Snapping and husking rolls are same type as those

on state and national contest-winning New IDEA pickers.

You can change this New IDEA mounted picker to a new or different tractor by an inexpensive switch of mounting brackets. Lets you change tractors without penalty — assures higher resale value.

Mrs. Essie Liston and daughter, Mildred, of Terre Haute, Ind. are visiting this week in the home of their son and brother Mr. and Mrs. Willis Liston. A ball game in Chicago and a weekend at Bass lake will round out the vacation.

Mrs. James L. Murphy, and daughter and Mrs. Harold Seal and daughter attended the VFW homecoming at Essex Sunday. The Mokena Drum and Bugle corp participated in the parade. Theodore J. Pethes, Jr., 203rd and Wolf road, has been named to the dean's list at Illinois Institute of Technology in Chicago. The dean's list is composed of all students who have distinguished themselves scholastically during the past semester. Pethes is a junior in psychology. Mr. and Mrs. Harold Spiess entertained the Evening pinochial club in their home last Wednesday evening.

The Afternoon pinochial club will meet next Thursday afternoon in the home of Mrs. Henry Shevlin.

Mr. and Mrs. Thomas Bobble are parents of a baby girl, born Aug. 25, in Silver Cross hospital.

The following from Mokena won prizes for exhibits at the Peotone Fair last week-end: Mr. and Mrs. John Hubler, Mrs. Marvin Kohl and Mrs. William Bradley.

MSgt Ernest H. Tipton, son of Mrs. Louise Tipton, Mokena, a member of Battery B, 13th AAA Missile battalion has been selected to take part in his unit's annual service practice of firing of NIKE-AJAX Guided missiles at Red Canyon Range, New Mexico. His unit's permanent station, which is a part of the Chicago-Gary defence, is located at Orland Park. MSgt. Tipton will be at Red Canyon range for one week from Sept. 1 to 7.

MAYOR ANSWERS—

(Continued from page 1)
system and treatment plant necessary?

Answer: Community health demands increasingly efficient disposal of human waste if epidemic diseases are to be avoided. Privies acceptable for rural life in our father's day long ago gave way to septic tanks and septic fields. These are now regarded by Will county standards as requiring a minimum lot size of 10,000 square feet; other counties have increased this to 20,000 square feet, seeking a safety factor. Figure the area of your own lot—and your neighbors also—do either of you meet the county minimum?

2. How are human wastes originating within the village disposed of now?

Answer: Most homes have made a connection with field tile laid privately in years long ago—some are possibly connected to this tile without an intervening tank, but most with septic tanks operating at varying degrees of efficiency. For a good part there is not even a token attempt to dispose of waste by a septic field on the householders own lot. This tile may run helter skelter across the village crossing streets, backyards, circling foundations, always downhill and always carrying raw sewage.

When a heavy rain occurs and surface waters penetrate the tile lines, they quickly back up and deposit their germ laden contents in home by way of basement drains.

3. Am I not entitled to dispose of my waste upon lower lands?

Answer: No! The law requires your neighbor on lower to accept only surface water following the natural contour of the land. Raw sewage is always a nuisance and any person using agricultural tiles to dispose of his wastes does so at his own risk.

4. How is the sanitary sewer and treatment plant to be financed?

Answer: In round figures—\$69,000 to be received from the Federal Grant, \$100,000 by 20 year general obligation bonds, and \$280,000.00 by 40 year revenue bonds.

5. How will the bond be paid?

Answer: In part by taxes, but mainly by charges for water and sewer service, based upon water consumption. Just as you pay for water alone now.

6. Why was the project not financed by special assessment?

Answer: It was and is the opinion of the village board that such financing is impractical. Special assessment bonds are not saleable and therefore would have to be completely paid before construction would start. Many residents would not find it convenient or possible to lay hands on a large sum of money at one time.

7. What will the minimum sewer and water bill be?

Answer: The rates will be no higher than absolutely necessary. The engineer's computations, based on a study of water consumption, would require a two month minimum of \$9.20 or a cost of \$4.60 per month. If the average of all bills came to \$6.90 per month, it would be sufficient to cover the yearly costs. As with all utility charges, the careless user will pay more than is necessary.

8. Why is the application for service needed?

Answer: The bond houses have an option on our bonds desire this for their prospectus to show the need and desire for the system. This is expected to have great weight for prospective purchases, since it shows we are acting on the basis of present users, not on an over optimistic estimate of future users.

9. Will my \$10 deposit be returned whether or not the sewer is installed?

Answer: Yes. The application clearly provides that it be returned in either event.

10. Will the application have any affect after June 1, 1958, and will it effect the title to my property?

Answer: No. The village clerk only will have custody of the applications and they will at no time appear on title records. If the sewer is not installed the signed application will be returned along with the deposit after June 1, 1958.

11. How will I connect to the sewer?

Answer: You will have complete choice in that regard—stubs will come to approximately five feet of your property line. You may choose your own contractor or you may decide to dig it yourself. The village will only be interested in inspection to see that a workmanlike job is done. Since the number of jobs a contractor has at one time may make a difference in unit price, you will probably find that the cost is less now, than that which will be paid by homeowners building later.

12. May I choose the location for the stub to serve my lot?

Answer: You may make arrangements for location of the

stub to serve your home during construction. The contractor will place it to most conveniently serve your lot.

13. Will there be a connection charge?

Answer: Not for residents making application at this time, but for those not applying for service now, and for new construction, there will be a connection charge, which will be determined in the near future. No decision has been reached as to the amount of the charge, but as an example, Joliet has a minimum connection charge of \$125 each for both sewer and water.

14. Is the sewer system and treatment plant economically designed?

Answer: Yes. The system is well designed and modern, but will contain no unnecessary frills. Particular attention has been paid to obtain a system requiring low maintenance and operating costs; this is one of the reasons our anticipated service rates will be lower than other villages of similar size who either have or are anticipating building such a project.

15. Will the sewer and treatment plant be adequate to serve Mokena's growing population?

Answer: Yes. The treatment plant will serve 3,500 people without expansion, almost three times the present population. The entire system has an ultimate capacity of approximately 35,000 people.

16. What will happen if the bonds are not sold?

Answer: The project will not be possible and the village will lose the federal grant. One or two years may elapse before the State authorities compel construction of a sanitary sewer and treatment plant. At that time special assessment would be the most likely way of financing since the loss of the grant would probably make financing by revenue bonds unlikely. Each property owner would have to produce his share of the total cost immediately and until it was paid the assessment would appear on title records as a lien. With the present inflationary trend it would be hard to estimate such assessment, but it would appear unlikely that it would be less than \$2,000 for an average lot.

17. Why are storm sewers not included in the present project?

Answer: The inclusion of storm sewers would approximately double the cost without adding that much benefit to the village. When sanitary sewage is removed from present storm tiles they will be able to perform their jobs more efficiently than is now being done.

Financing of combined sewers is an absolute impossibility in view of the financial structure of the village.

Two Drama Groups To Merge Talents in Sparkling Comedy

The Mokena Village Players and the New Lenox Dramatic club will merge talents to present Moss Hart and George Kauffman's comedy, "You Can't Take It With You."

When and where it will be staged will be announced later, but there will be a tryout for the cast at 2 o'clock Sunday afternoon Sept. 8, at the home of Mr. and Mrs. G. Lenz, Wolf road Mokena.

Anyone interested in acting or in producing a play is also invited.

a joint venture of the two drama groups was made at a joint meeting held Aug. 23 at a potluck dinner at which the New Lenox club was host.

Mrs. Louis Tovrog is president of the New Lenox Dramatic club and George Carlisle is head of the Mokena Village Players. Both groups have produced several successful plays in the past. The New Lenox club was organized in 1950 by Mrs. Lewis Loebe and has staged 12 plays. The Mokena group was organized in 1951 by Mrs. Kenneth Sherwood and has produced nine plays.

While no specific date has been set for "You Can't Take It With You," it is expected to be staged in November.

MOKENA BOARD—
(Continued from page 1)

Seger and Sons	\$164,880.00
Stubs	22,000.00
Total	\$186,000.00

When bids were asked on the project the conditions carried a stipulation that the stub service prices were open to negotiation between the bidder and the village board. The board plans to talk with Mr. Saxton.

Hamilton's estimate on the sewer project was \$180,340, without the service stubs and \$140,300 on the disposal plant. The lowest bid on the treatment plant is \$7,500 higher than the engineer's estimate but there were four bids substantially under the estimate on the sewers so that the project as a whole is well within the estimates. Roughly the estimate totaled \$430,000, which included the price of the land for the treatment plant, and the engineering and legal fees.

The village has a federal grant of \$69,000 to apply on the project. Plans call for issuance of \$100,000 in general obligation bonds and the remainder of the cost would be financed thru revenue bonds. Revenue bonds would be paid off thru the rates charged for water and sewer service, which will be less than \$7 a month as a minimum charge for a user.

Just what the final cost figure will be will depend upon the negotiations for the service stubs. If the cost of these stubs was not included in the total for the project they would have to be met individually by the property owners.

Hamilton was well pleased with the response to the advertisements for bids. Twenty-one contractors took out plans and out of this number 18 submitted bids. The bids were as follows:

POLICE ARREST SEVEN—
(Continued from page 1)

The Frankfort Hardware store at Frankfort, was entered and six shot guns, two rifles, four hunting knives and 36 boxes of shotgun shells totaling \$427 in value, were carried off. Entry

was made by hurling a large piece of flagstone thru the glass in the front door. The similarity of entry at the hardware store and the Tinley Park railroad station office led police to suspect that it was the work of the same gang.

All of the guns have been recovered by the Tinley Park police. A search was being made until late yesterday for the knives and ammunition. They claim they threw the knives away.

Five of the guns were found in the home of Hynous, 6648 Ravinia drive, who according to the others was the leader of the gang. Two guns were discovered in the Palmer home and one in the Trylovich chicken house. All of the guns were identified as being stolen from the Frankfort store.

Admit Other Crimes

Police Chief Moore also has received a confession from Keith al-Palmer to other crimes, the Chief said.

The youth, who was recently dishonorably discharged from the U. S. Navy, is alleged to have confessed under questioning by the police chief to the assault and robbery of Henry Bechstein Aug. 3, and implicated Trylovich in the attack.

He also is alleged to have confessed to the recent burglary of English Brothers Garage with two other Tinley youths who are now in service; also the break-in at Standard Oil company, route 6 and 42A.

An amazing recital of other burglaries early Tuesday morning previous to the one at the Frankfort Hardware store, allegedly was told to Tinley police by Blount and Willis.

In signed statement they told how the gang had been drinking and broke into a gas station and used car lot in Harvey, from which they took a

clock radio, (later found in the Tinley creek by Officer Pete Seeley), a trunk of clothing and some money.

Then they traveled to Matteson where they broke into two gas stations, stole a 1955 Dodge automobile and a number of tires, police said. They told of abandoning the car at routes 42A and 30. It was later recovered by Matteson police.

Solve Tinley Crimes

Three recent crimes in Tinley Park were solved by alleged confessions made to police Wednesday in which it was admitted that three stores were entered, the Walker Paint store, Rudy's Fountain and Cole garage Aug. 6.

Police Chief Moore, who worked all day Tuesday, was still on the case at 5:30 a.m. Wednesday. Later in the day he questioned the suspects and obtained more alleged confessions.

With him during the rounding up were Officer Seelev and auxiliary policemen Charles Johnson, Richard Erskine, Allen Bettenhausen and Harry Patton.

Arthur Pritchard of the Matteson and Frankfort police, worked closely with the Tinley department.

Blount Willis and Trylovich were picked up first. Jimmy Palmer was arrested at his home Tuesday night. Early Tuesday morning police returned to the Palmer home in search of Keith and his companions who were still at large, Hynous and DeBlake.

They were not there then but some 30 minutes later, around 3 o'clock they drove up in a car and parked out in front where a few minutes later they were taken by police.

Knowing that the crew had guns police were alert and were prepared to deal with the situation in the event the trio showed fight. None of the three

had a weapon on his person **HOLD NEW LENOX—**

when they were arrested but a loaded 32 pistol was found in the car. According to police Hynous admitted ownership of the pistol. He claimed he bought it; police are checking his story.

Death of a New Neighbor

Albert Worthington, aged 78, father of Mrs. Loren Anderson of Homer road, died quite suddenly of a heart attack Saturday afternoon in the Anderson home where he was living. The body was removed to a Streator funeral home where services were held Tuesday.

Mr. Worthington who has lived most of his life in the Streator vicinity has recently been under the doctor's care, and was thought to be improved until the attack Saturday.

The King's Daughters will meet in the Homer church Thursday evening Sept. 5, with Mrs. William Mergler as hostess. Dessert-coffee will be served.

The Men's club will meet Thursday evening, and a full attendance is hoped for important business will be transacted. Travel pictures will be shown.

The women of the Missionary society will serve lunch at the Homer Marple sale on Homer road, Saturday, Aug. 31 beginning at 10 am.

Colorado Candidate

Sunday, Sept. 1, the Rev. Stephen Matheny will conduct the morning worship service in Homer church, as a candidate for a full time pastorate. A former school teacher, he has more recently been an assistant pastor in Oklahoma City and a regular minister at Flagler, Colo. He now wishes to settle in the Chicago area. He comes well recommended and it is hoped that all persons interested in the church will make an effort to hear him.

Mr. and Mrs. Mike Roberts of Minooka, long time Homer residents, are the parents of a daughter, born Aug. 23.

Many Homer people have been taking advantage of the pleasant weather to go on vacation trips. Among them were Mr. and Mrs. Stanley Jungles and her mother, Mrs. Joshua Boyce, who combined business with pleasure, when Stanley went to Ohio, last week; Reed L. Burch stopped for an over night with his parents last Tuesday night as he was returning from a Boston trip. Wednesday, Mr. and Mrs. Reed Burch left by plane for a two weeks' stay near San Francisco with their daughter and family the James Colemans. Reed Jr. also expects to join them there for a few days. The John Garra-brands are staying in the Burch home during their absence.

The Loren Aspel family have returned from a Wisconsin vacation.

Mr. and Mrs. Jerome Paddock and Jerry spent last weekend at a resort in northwestern Illinois.

Mr. and Mrs. George Milton, accompanied by their daughter in law, Mrs. George Milton Jr. and son, George, motored to the Wisconsin Dells for the weekend.

Ronald and Douglas Ziesemer spent several days last week in the Bruce Anderson home. While there they attended the horse show and rodeo at the Peotone fair.

Mr. and Mrs. Herman Benck and family and Betty Anderson visited River View park Sunday.

Robert O'Neal of Lockport received an eye injury while working at the Willard Rowley farm Friday. A piece of baling wire struck him in the eye. The attending doctor believes there will be no serious results.

Emily Carlson attended a retreat at Community Center Foundation near Palos Park Tuesday, with her Circle from First Presbyterian church, Joliet.

The Charles Adelman family have returned from Nebraska where they were guests of their son, Mr. and Mrs. Ralph Temple. Aug. 18 their granddaughter, Cynthia Lynn Temple, was christened at Lincoln Air Base chapel. Charles Adelman, Jr. and Karen Jean Adelman were the god parents.

Mr. and Mrs. Albert Swatek attended the wedding of his cousin in Chicago Saturday evening, Aug. 17.

The first PTA meeting of the new school year will be held Sept. 9 at 8 pm. in the Ann Rutledge school. The program entitled "Meet your school officials" is planned so everyone can meet the faculty and the school board members. This is an opportunity for all parents to attend this informal meeting and become better acquainted with each other.

Ronald Vaughn, son of Mr. and Mrs. J. C. Vaughn, would like to thank everyone who sent him cards and gifts while he was in the hospital. They helped to make his days a little more pleasant and cheerful.

Patricia Carlson, 8 1/2 year old daughter of Mr. and Mrs. Henry Carlson of 82nd ave., was a medical patient in Silver Cross hospital for three days.

School Schedule

The 1957-58 term of the Ann Rutledge school will begin Tuesday, Sept. 3. The first day of school will only be a half day.

The text books will be furnished for a small fee. Books for grades 1 thru 4 will be \$5.00. Books for grades 5 thru 8 will be \$6.00. Children going into the first and fifth grades must have their health and dental certificates.

Teachers for the coming year will be: First and second grades, Miss Jeanne Boleman; third and fourth grades, Mrs. Charlotte Daugherty; fifth and sixth

grades, Mrs. Isabelle Davidson; seventh and eighth grades, Mr. Lloyd Alton. Mr. Alton is also superintendent.

John Van Donk is president of the board and George Kaehler is clerk. Mrs. Lois Hatz will be at the corner of 80th ave. and Rt. 30 to act as patrol lady and see the children get safely across the highway at 80th ave. The children are supposed to cross the highway there. The mothers are planning to help out during the lunch period.

Mrs. William Abramson of Chicago is visiting her brother, Richard James for a few days.

Mrs. Frieda Zemek entered St. James hospital, Chicago Heights last Wednesday and underwent surgery last Thursday.

Mr. and Mrs. Glen Chedister and family left Sunday morning for their vacation. They went to Missouri to visit their folks.

Mrs. June Lipar and daughters June and Janet of Rose-land spent Monday with her mother, Mrs. Flora Melville.

Public Employees Will Vote On New Retirement Plan in November

In accordance with the proclamation of Gov. William G. Stratton, the board of trustees of the Illinois Municipal Retirement fund has been designated as the agency to supervise the conduct of a referendum among participating employees of the Illinois Municipal Retirement Fund. The Fund comprises 1700 Illinois local governmental bodies, and provides retirement, death, disability, widow and orphans' benefits for about 30,000 municipal employees.

The purpose of the referendum, which will be conducted between Nov. 1 and Nov. 25, is to decide whether or not the plan of coverage passed by the 70th general assembly of the Illinois legislature coordinating the benefits of the Illinois Municipal Retirement Fund with those of the federal social security system should be adopted. A booklet explaining the features of the plan of coverage and giving comparisons between the present and the proposed plan is now being distributed to all participating employees.

Outlines Features

Features of the proposed plan are:

1. No employee will receive less benefits in total from the Illinois Municipal Retirement Fund and social security (based on IMRF earnings only) than he would be eligible to receive if coordination were not effective.
2. With few exceptions, employees will receive substantially higher total benefits than under the present plan.
3. The plan gives sufficient retroactive coverage to make social security survivor benefits immediately available, and in most instances, to provide un-reduced social security retirement benefits for older employees. Under the present federal social security law, retroactive coverage may be made available only if coordination be-

comes effective before the end of 1957.

4. The total rate of contributions by employees remains the same as under the present law. The present rates will include the social security contribution percentage of the first \$4200 earnings.

The affirmative approval of two thirds of all members of the Illinois Municipal Retirement fund eligible to vote is necessary to place the proposed plan into effect. If the proposed plan is not approved, no referendum can be held on a subsequent plan until at least three years have elapsed.

Physical Therapists Can Get Jobs With Federal Government

The United State civil service commission has announced an examination for physical therapist positions for duty in various Federal and District of Columbia Government agencies and hospitals in the Washington, D. C., area, and in the U.S. Public Health Service and Indian Health hospitals throughout the United States and Alaska. The salaries range from \$3,670 to \$4,970 a year.

To qualify, applicants must be graduates of schools of physical therapy or be within three months of completion of their training. In addition, for position paying \$4,525 and above, appropriate experience is required.

Full information is given in Announcement No. 114B which may be obtained at many post offices throughout the country, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications will be accepted by the board of U. S. Civil Service Examiners, U. S. Public Health Service, Department of Health, Education and welfare, Washington 25, D.C., until further notice.

announcement was made by G. H. Reuss, Champaign, state director of the Farmers Home Administration, whose agency will be responsible for carrying out the program in the state.

Emergency loans are designed to supplement local credit, and may be made for operating expenses, subsistence and machinery replacement needed by farmers in the stricken area, to carry on their normal farming operations. Loans usually are made for 12 to 18 months and draw three percent interest.

Compensate for Losses

"It is our intention to assist farmers in this area to the extent of our legislative and administrative authority," Reuss said, "and farmers who have suffered loss as a result of the excessive rainfall or floods, may now apply for this credit from the local county office of the Farmers Home Administration."

Vincent L. Brandow, county supervisor of the Farmers Home Administration has his office at 224½ Liberty st., Morris. He may be contacted also at Joliet at the Farm Bureau office on the 1st and 3rd Thursdays of each month and in Kankakee at the local ASC office on the first Wednesday of each month.

The Farmers Home Adminis-

tration also makes operating loans under its regular program to assist full-time farmers in their farming operations. These loans may be made for operating expenses, the purchase of livestock and equipment, and to refinance eligible debts. Loans of this type draw 5 percent interest and may be made for periods up to seven years.

10:45 worship service

Lutheran Child Welfare Group to Hold Festival At Addison Sept. 8

On Sunday, Sept. 8, more than 12,000 people will gather on the grounds of the Lutheran Child Welfare Association, Addison, (DuPage county) for worship services and a picnic. Ample parking space is provided for the thousands of cars expected. The worship services will be held at 11:00 a.m. and 3:00 p.m. The morning service will have as guest speaker The Rev. Marcus Zill, Pastor of Our Savior Lutheran church, Joliet, with the Rev. E. N. Heidorn, Zion Lutheran church of Bensenville, as liturgist. Selections will be given by the Zion church choir of Bensenville with Kurt Rode as director. Robert Schesselman, director of the L.C.W.A. Institution will serve as organist.

Speaker at the afternoon service will be the Rev. Ruben Spannaus, new executive director of L.C.W.A. The Rev. William F. Bartling, president of the board of directors of L.C.W.A. and pastor of Apostles Lutheran church, Franklin Park, will be the liturgist. Choir selections will be given by the St. John senior choir of Lombard. Arthur Hann, director, Henry F. Becker, Immanuel Lutheran church, Des Plaines, will be the organist.

Bands to Play
Band music will be given by the Immanuel church band of Elmhurst, William F. Bertram directing, and the Harmony band of Austin, Dr. Royal Reimer directing. These concerts will be held at 1 and 4 p.m.

Richard Spoo, general festival

chairman, and his committee have had several meetings to take care of the large attendance expected. With the exception of a few years during World War II when no festivals were held, this organization has had a child welfare festival since 1877.

The balloon ascension will be one of the highlights of the day. Some 10,000 balloons are released at intervals during the day with cards attached so that the finder may send in the information as to where it was found. This balloon race is of great interest to the children and is given under the auspices of the L.C.W.A. Auxiliary.

84 Years of Service
The Lutheran Child Welfare association has served children of Illinois for 84 years. This agency is a non-profit corporation to carry on boarding home and institution programs, assist unmarried mothers and place children in adoption. The agency enjoys the co-operation of many community organizations: The Welfare Council of Metropolitan Chicago, the Community Fund of Greater Chicago, the Lutheran Charities Federation of Chicago, the Lutheran Church Charities Fund and the Chicago Community Trust.

The public is invited to attend the 1957 Annual Child Welfare Festival on Sept. 8, at Addison. Refreshments and meals will be served by some 650 volunteer workers from all the Chicago area churches.

Bremen High School Lists us Routes; Will Carry 1,250 Pupils

Bremen Community High School will transport approximately 1,250 students of the 1957-1958 school year. This will be accomplished by making use of 27 bus routes which will cover all parts of the district. Description of the routes servicing the Tinley Park area appears at the end of this article.

On Sept. 3, the first day of school, all freshmen and sophomores should board the bus on the route of their choice at 7:00 a.m. They will be returned to their homes by 12 noon of this day. Junior and senior students should board the bus of their choice at 12:50 p.m. to report to the school in the afternoon. They will be returned to their homes at 3:30 p.m.

All students will be permitted to ride on the buses on the first few days of school without bus passes.

Bus routes for the coming year are:

Route 1 will proceed west on 167th st., and Cicero ave. to Central ave. Then south to 175th st., east to Brennan highway. Then Northeast to Laramie ave. The route will follow Laramie ave North to 171st and travel 171st st. to Brennan Highway making its last pickup at 167th st.

Route 2 will travel west on 183rd st. making the first pickup at Ridgeland ave. It will continue west to Harlem ave., hence north to 178th st., then east to Oak Park ave., north to 177th st., which it will follow east to Highland, then north to 175th

st., east to Central ave., which it will follow to 147th st. The last pickup will be at 151st st.

Route 3 will travel north to Oak Park ave., loading students at Hubbard Lane and Tinley Park Drive only. The bus will proceed north on Oak Park ave. to 147th st. It will enter the Country club grounds where it will make its last pickup.

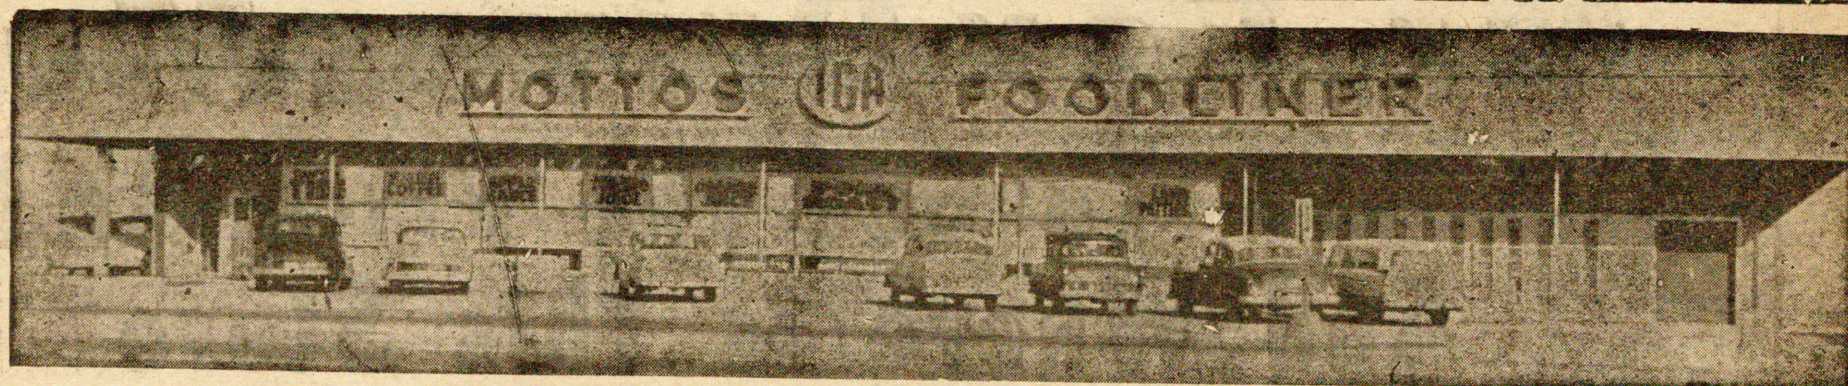

Route 4 will travel south on Oak Park ave and make its first pickup at 168th st. The bus will continue South to Oak Forest ave., where it will make a left turn and follow Oak Forest ave to 167th st. The last pickup will be made at 167th st.

Route 5 will travel west on 175th st., loading students between Highland and 66th ave., where the last pickup will be made. The bus will make the return trip to the school by way of Oak Forest ave.

Route 6 will proceed North on Oak Park ave., starting at Oak Forest ave. and will transport students residing on the east side of the street between North and Glenview ave. It will return to the school by way of 159th st., making the last before reaching Long ave.

Route 7 will start to load students at 170th and New England. It will proceed west to Sayre ave., and return to the school by way of 167th st. The last pickup will be made before reaching Oak Forest ave.

Route 12 will start at 183rd st. and Cicero ave. and return to the school by way of Cicero and 159th st. The last pickup will be made at 159th and Cicero.

The public school will open Sept. 3, with registration from 9 to 11 a. m. In the afternoon a book sale will be held in the gym from 1:30 to 3:30 p. m.

Children entering school must be 6 years old by Dec. 1, and the first and fifth graders or any new pupil must have a physical examination before entering the school term.

The twin children of Mr. and Mrs. Glenn Nissen, were baptised in St. Peters Evan. church during services Sunday morning. Sponsors for twin Joan Elaine, were Mrs. August Holman and Gene Batson. Sponsors for twin Jerry Lynn were Mrs. Henry Yung and Harlan Nissen. A dinner was served in the Nissen home when 25 guests were present.

Charles and Mary Ann Otto have returned home after spending the summer at camps. Their parents, Dr. and Mrs. Claude Otto spent several days last week at Culver, Ind., where Charles was graduated from the 2 month summer course at the Military academy at Culver. They also spent several days at Interlochen, Mich., where Mary Ann completed two months course at the National Music camp.

Twelve co-workers at the Steger Furniture Mfg. Co., at Steger, surprised Miss Minnie Jordan in her new home on 94th ave., last Thursday evening, at a housewarming. Later in the evening they enjoyed dinner at the Valley View restaurant. Miss Jordan was presented a gift from the group. Another group from the same place of employment also surprised her at a housewarming the week previous, and also presented her with a gift.

Mr. and Mrs. Henry Nissen of Pierce, Neb., and Mr. and Mrs. Harlan Nissen and family of Osmond, Neb., were guests last week of Mr. and Mrs. Glenn Nissen.

Mr. and Mrs. Robert Schweizer and family spent last week at Williams Bay, Lake Geneva, Wis.

Miss Nancy Schweizer spent last week with her sister, Mr. and Mrs. Frank Pagora at Chicago Heights.

Mr. and Mrs. Albert Krusemark entertained at a cookout Sunday at their home. Guests were the Al Hochbergers, the Orval Schroeders and Leroy Magers and their families.

Mr. and Mrs. Scherril Rahm and family attended the wedding of Miss Elaine Haggenow of Westville, Ind., and Robert Kohl, son of Mr. and Mrs. Herbert Kohl of Matteson. The wedding took place Sunday evening in the Trinity Lutheran church at Westville. Later they attended the reception held in Saenger hall at Tinley Park.

Mrs. Alfred Baumgartner of Virginia, Minn., left Saturday morning for her home after spending three weeks with Miss Viola Lankenau. Ronald Baumgartner, son of the former, and his two daughters, Mrs. Lois Mattei and Miss Jayne Baumgartner also of Virginia, were guests of Miss Lankenau recently and have returned home after spending a two week visit here.

Mr. and Mrs. Lynn Kohlhaugen entertained the family at a steak fry at their home last Friday evening.

Mr. and Mrs. Herbert Bixler of Three Rivers, Mich., spent the weekend with her parents, Mr. and Mrs. Jacob Hostert. The Bixler's two daughters, who spent 10 days here, returned home with their parents.

Word was received by Mr. and Mrs. Robert Schweizer of the birth of a granddaughter, born to Mr. and Mrs. Raymond Palacana in St. James hospital, Chicago Heights, Aug. 15. The baby has been named Teri Lyn and weighed 6 lbs. 8 ounces.

Mr. and Mrs. Robert Simpson are parents of a daughter Linda Sue, born Aug. 22 in St. James hospital. She weighed 8 pounds.

Albert Mersch of Cassopolis, Mich., spent the weekend with his brother Mr. and Mrs. Ernest

Mersch. Sunday they went to Chicago to see "The Seven Wonders of the World" at the Cinerama theatre.

Mr. and Mrs. Howard Osmus and sons returned last week from an enjoyable 11 day tour thru the eastern states.

Edward Warning, Herbert Lambrecht, Fred Kohlhaugen and Henry Breidert spent about a week fishing in Wisconsin, the past week.

Walter Schinkowski of Palatine and Mr. and Mrs. Earl Schinkowski and family of Arlington Heights were recent guests of Mr. and Mrs. Fred Schinkowski and the Orville Schinkowski family.

Mr. and Mrs. Charles Mark and son Gerald and Miss Dora Schellhase returned Saturday after a week's vacation spent at Crystal Falls, Mich.

Mr. and Mrs. Donald Freeh spent last week at Flint Lake, Valparaiso, Ind.

Mr. and Mrs. V. W. Roberts of Villa Park were guests Sunday of Mr. and Mrs. Robert Van Rheeden.

Mr. and Mrs. Edmund Eber and family attended the 3rd annual Barton reunion Sunday at Bellevue State park in Iowa on the Mississippi river bank.

ter's home as she drove to Denver with friends, and two hours and 50 minutes to reach home again by plane. Mr. and Mrs. Verhagen spent a week in Minnesota where she proved she was a good fisherman by catching northern pike and walleyes.

There is a good chance of having bus service extended to and down 135th street instead of having the end of the line at 127th and Harlem ave. It has been suggested that each of the communities bordering 135 st., sign a petition to that effect. Mrs. Yoman of Palos Heights and Mrs. Anderson will have the one for Laguna Woods. We feel sure the bus company will extend its service if enough people are interested and sign the petition. The young people who have friends in the Heights will benefit as well as their mothers who would enjoy a day of shopping in Chicago, and do not have a car at their disposal.

Mr. and Mrs. H. L. Woodbury had guests from Orland Park for dinner Sunday, they were Mr. and Mrs. Robert Greene.

Mr. and Mrs. William Donohue, Mr. and Mrs. Jack Nelson

and Mr. and Mrs. R. Anderson enjoyed an evening out. The girls were happy to have another cook take over for the evening last Thursday when they dined at Tocars in Worth.

Mrs. Hegyi and children spent an enjoyable week end with her parents in Cedar Lake while Mr. Hegyi went on a fishing trip.

In all of our calculations about sharing the road with other vehicles we are prone to forget to forget that there are twice as many pedestrians as there are vehicles, says The Illinois Division of Traffic Safety. This poor pedestrian, who is each of us after parking our cars, has his rights too.

—O—
Illinois industry loses more employees injured and killed in off-the-job traffic than it loses in work accidents, according to The Illinois Division of Traffic Safety. This indicates that more of industry's effort and financial assistance should be allocated to the support of organized traffic safety programs. We can have as much traffic safety as we are willing to work for and pay for.

FARM NEWS

For
Cook County
by
W. F.
Whiteside

assistant farm adviser

The 4-H Federation has embarked on a sign building project. Many of you probably noticed one of the signs at the fair in Chicago Heights. It is an attractive sign with the message, "Cook County 4-H Clubs Welcome You." These signs will be placed on major roads around the edge of the county. Spearheading the sign project are Ronald Kollman, Harvey and Audrey Mascetti, Steger.

I walked thru a corn field in the southern part of the county recently which won't have any ears at all, mostly nubbins and not many of them.

Heavy wheat residue was plowed down and the nitrogen supply got tied up. The young corn plants were short of nitrogen from the beginning. Heavy rains made the supply even hence the abnormally low yield.

This points out the necessity of keeping soils at a high fertility level and adding some extra nitrogen after plowing down excessive dry, low nitrogen residues. Weather is also an important factor but you can't do much about that, only gamble.

Keep an eye on your shrubs and evergreens this fall. They need a lot of water before the ground freezes. The best way to do this is to ridge the soil around the plant to form a small pond. Keep filled with water until ground is soaked to a depth of two feet.

You can apply fertilizer to your lawn any time now. Use a 10-10-10 analysis at 20 to 30 pounds per thousand square feet.

After harvest is a good time to bring your Illinois Farm Record Book up to date. Some entries that may need attention are farm receipts and expenses, crop production and fertilizer application records, pigs weaned per litter, egg and dairy sales, cash paid out for farm labor with social security withholdings, products used in the household and distribution of

feed to livestock if this record is kept.

In most years, farmers should plan to store soybeans after harvest until the seasonal rise in price takes place. The average seasonal variation in soybean prices during the last ten years has been from a low of 92% of annual average price at harvest time to 105% in March. At current prices this is an increase of about 33 cents in the first five months after harvest.

It is easy to neglect heifers at this time of the year. Before you realize it, pastures may become short and will not furnish enough feed. As a result they get thin and do not make normal growth. In many cases some additional hay or grain will be required this time of year for heifers to develop normally.

Production may drop if you turn your high-producing milking cows in the corn stalk field after the corn is shucked. The feed they obtain there is low in feeding value. Once production goes down, it is difficult to get it back up again. Therefore, you will be better off if you keep the milking herd out of the stalk field.

Summer Pruning Can Give Trees Needed Lift

If your older shade trees look as sad as weeping willows a lift with mid-summer pruning may make them appear and feel more cheerful.

Most trees can be pruned at virtually any season but pruning done now gives results that can be seen and directed as work proceeds.

How many branches should be removed in a good sized tree? That depends on the care and

condition of the tree, according to W. West, field representative of the Davy Tree Expert Co. However, mature trees gracing the newly built home frequently require removal of hundreds of dead branches. These may range from the size of a lead pencil to some that are quite large and decidedly dangerous.

Dead or dying branches that overhang roof, garage, walk or driveway not only obscure the home with a view but pose a threat should they break off during violent Summer storms. Regular cleanup of such deadwood will pay big dividends in added beauty and safety on the home grounds.

The amateur tree doc should not get too enthused over the do-it-yourself aspects of big tree pruning. He probably can handle the job if offending branches can be reached from ground level. Otherwise, he'll be wise to call in the professional tree man who knows how to climb and get around in towering trees safely.

Civil Defense Observance Set For Sept. 15-21

The White House has designated Sept. 15-21 as observance dates for the second annual National Civil Defense Week.

Theme this year will be "Gov-

ernment in Emergency" according to a guidance bulletin issued by the federal civil defense administration.

"It is our feeling that renewed emphasis be placed on the increasingly important role of state and local government in emergency preparedness, and this should be prominently interwoven into all civil defense observances.

"The emergency functions of existing state and local government service are - police, fire, welfare, sanitation - provide an excellent point of departure for Civil Defense Week events," according to the guide.

According to plans, each day in the week's observance has been assigned to a different "area of activity." They include: Sunday - in churches; Monday - in places of employment; Tuesday - in schools; Wednesday - in clubs; Thursday - in your community; Friday - in rural areas; Saturday - review day.

A review of last year's Civil Defense Week showed that 901 governmental units and other organizations participated. This included 42 states, 256 counties,

598 cities and interested organizations, and five territories and possessions. Governors of Hawaii and half of the states as well as 89 mayors issued proclamations on the event.

TIME FOR A CHANGE?

How safe would you be, asks The Illinois Division of Traffic Safety, if all drivers drive as you do? Would you be willing to trust yourself on the highway with all drivers like yourself? If not, isn't it about time to change so you'll like living with you?

Labor Day

1894-1957

More than half a century ago Congress passed a bill making Labor Day a legal holiday.

Since then, America's workers have contributed immeasurably to the ever-higher standard of living from which all Americans benefit. On Labor Day, 1957, we salute them.

ICC Approves New Phone Set-Up For Chicago Heights Exchange

(CNS)—Elimination of toll charges on telephone calls between Chicago Heights, Monee, and Crete has been authorized by the Illinois commerce commission.

With elimination of the 10-cent toll charge, the company expects calls placed between the three exchanges to jump 800,000 annually. The exchanges now handle 237,000 toll calls yearly, so a lot of new equipment will have to be installed.

This takes time and the utility doesn't expect to place the new plan into effect until early 1959, according to the ICC order signed Thursday.

Here's how the new rates will effect local phone customers:

No change for Chicago Heights residential customers in their \$5 monthly charge. A one-party business phone will cost \$11.50 monthly, an increase of about 2 cents a day. Two-party business and rural phones are not offered in the Chicago Heights exchange.

Eliminates Toll Charge

Elimination of 10-cent toll charge for calls between Chicago Heights metropolitan exchange area and Monee and Crete. However, the toll charge for Monee and Crete subscribers will be eliminated for calls between their towns and only Chicago Heights in the Heights exchange system. The Chicago Heights metropolitan calling district includes Homewood, Lansing, Tinley Park, and Thornton.

Monee at last count had 519 telephones, Crete, 1,279 and Chicago Heights with 20,991; Homewood, 6,441; Lansing, 5,006; Tinley Park, 2,210 and Thornton, 494.

The increase in monthly rates will add about \$22,000 yearly to the utility's revenue. However, giving up toll charges will reduce annual income by \$25,500 for a net loss of \$3,500.

Red ink isn't expected to last long, thanks to the area's continued growth.

John N. Elliott, acting general rate engineer for Illinois Bell, said customers were canvassed before the case was filed.

Results showed 77 per cent of those answering favored the new plan, 12 per cent were neutral and 10 per cent wanted no change, he said. One per cent did not answer.

A Dog In A Car Can't Chase It

Dogs can become model passengers in an automobile if they are properly trained, says the Chicago Motor club.

Most dogs, particularly the smaller breeds such as terriers and spaniels, enjoy motoring. The larger dogs, such as St. Bernards and boxers, may find their quarters just a bit cramped, and the noise and heat almost unbearable.

The adage, "You can't teach an old dog new tricks," is sound advice when it comes to motoring. A dog trained from a pup-

py to behave in a car usually will remember its lessons.

To make motor trips more pleasant for you and your dog, the motor club suggests the following:

Take the dog for a walk prior to a trip; stop to give him periodic exercise and occasional drinks of water, on long trips; protect the pooch from eye inflammation and other disorders by forbidding him to poke his head out of open windows; and order him to lie quietly so that he won't distract or interfere with the car's operation.

Girl Scout Camp In Cook County Ends Season

With the farewell campfire Tuesday night, Aug. 20, Camp Manistee closed its 1957 camping season. Operated by the South Cook County Girl Scout Council over and eight-week period, the camp has served 515 different girls from this area. From this intensive experience, these campers will bring back their skills, new visions and memories to share with their 9,000 sister Scouts in the troop programs thruout the winter.

Rounding out eight weeks as Counselors in training are the following girls who are climaxed many years at Camp Manistee: Kaye Briggs, Palos Heights; Barbara Gerloff, Matteson; Marion Kirk, Flossmoor; Carol Medland, Oak Lawn; Mary Rowe, Harvey; Linda Walton, Midlothian.

They have been studying the philosophy and objectives of camping and sharing their skills and experience, while "practice teaching" thruout the camp under the guidance of Miss Dorothy Larney of Chicago.

Altho the camp is officially closed, its fall beauty will be enjoyed by the council board of directors and their husbands

and wives at their October meeting.

The following girls from Tinley Park who attended the 4th session of camp returned home yesterday, Aug. 21: Wanda Funk, Jill and Judy Hollingshead, Paula Johnson and Fran and Kay Swisher.

Charges Horse Sales By Men in Palos Twp. Violate Zoning Law

(CNS) Joseph and Louis Esposito Jr., of 9518 S. 89th ave., Oak Lawn, have been summoned at the request of State's Attorney Benjamin Adamowski to explain in county court why they are buying and selling horses on their property in violation of county zoning ordinances.

According to the summons the two men on Sept. 17, 1956, erected a horse barn on their property in Palos township, without having obtained a building permit from the building and zoning bureau of Cook county.

Also, the summons asks them to explain why they have con-

tinuously conducted a business of buying and selling horses on their property which is zoned for farming.

If you have abortions occurring in your breeding livestock in spite of all your precautions, isolate the aborting animals from the herd as soon as possible and have your veterinarian make a laboratory test to find the cause.

Get clothes cleaner than ever before!

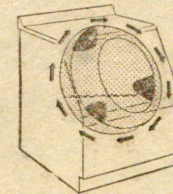

**WESTINGHOUSE
LAUNDROMAT®**

WASHES CLEANER, RINSES BETTER, CLEANS ITSELF!

The Revolving Agitator does it! ... Here's how:

YOU CAN BE SURE...IF IT'S Westinghouse

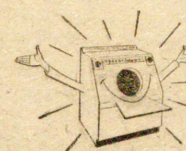

WASHES CLEANER!

There's no old-fashioned center-post. Clothes are placed inside the all-new Revolving Agitator which lifts and plunges them 50 times a minute ... washes all the clothes all the time.

RINSES BETTER!

Equals 1500 hand rinses. Revolving Agitator lifts clothes while dirty water drains away from, never back through them. Center-post machines strain it back through clothes.

CLEANS ITSELF!

Because of the patented design, the Laundromat cleans the clothes better, then automatically cleans itself—ready for the next load. All lint, sand and scum go down the drain.

ONE OF TINLEY'S TOP CITIZENS—is John C. Funk who has been a part and parcel of the affairs of Tinley Park for more than half a century. He began his mercantile career as a "hustle boy," for Henry Vogt, Sr. Now at 80—he observed his birthday last Saturday, Aug. 24—Mr. Funk is still an active official of the Bremen State bank and the Tinley Park volunteer fire department. He also is a kindly, considerate man. (Marvin Smith photo).

PONDER SEWER BIDS—Members of the Mokena village council had a flock of figures to study this week as a result of receipt of 18 bids on the proposed sewer system for the community, which includes a sewage treatment plant. There were four bids on the treatment plant and 14 on the sewer. In the picture (l to

r) are, Alvin Sorensen, village clerk; Trustee Phil Hacker, Mayor James Marti and Trustee Ray Westlund. The hand and arm reaching out for one of the bids was not identified by the photographer, nor did he establish ownership of the hands down in the right corner.

INSTALL STORM TILE—as a part of the improvement of 173rd Place at Tinley Park. A part of the thoroughfare was paved last year and storm tile installed. Now the job is being completed. Curb, gutter and blacktop will follow

the installation of tile to carry off storm water. The improvement is being paid for out of the village's share of the motor fuel tax fund.

HOME WAS NEVER LIKE THIS—say Helmut Fraund, 15, and his brother Manfred, 13, as they cheerfully wash the windows on the porch of the Henry Bettenhausen home on 173rd place. The boys have been in America only three months and have been living in Tinley Park for the past three weeks. They like everything about America and ice cream most of all.

LAST OF AN OLD LANDMARK—Fire of undetermined origin destroyed one of the links with Frankfort's past Saturday night when the old ice house went up in flames. It was owned and operated by the Folkers family for many

years and was located on the property now owned by Herbert P. Folkers at the west end of Kansas street, south of the Michigan Central tracks. The ice with which the house was formerly filled was cut from a nearby pond.
